Stormwater and Water Conservation Outreach Intern

Position Description

The Ipswich River Watershed Association (IRWA) seeks a motivated individual for a Fall 2022 part-time internship to join the Planning and Resiliency Program team.

The Stormwater and Water Conservation Outreach Intern will help write and produce materials to educate the public on water conservation and stormwater management issues.

Key Responsibilities

- Write and edit content to educate water users, homeowners associations and property managers on issues around water conservation, stormwater management, and green infrastructure.
- Help produce educational materials including layout and design of pamphlets and brochures.

Skills and Experience

This position requires a person with a strong interest in environmental issues, watershed management, and public education. The ideal candidate will have a mix of relevant education and experience, and most importantly be passionate about IRWA’s mission to protect nature and ensure there is enough clean, safe water for people, fish, and wildlife. Excellent computer skills and proficiency with Microsoft Office Suite required. Experience with design software is a plus.

Hours, Schedule, and Compensation

This is a full-time position with a salary range of $50,000 to $60,000, dependent on experience/skills. Excellent benefits package including a liberal paid time off policy, health insurance, 401(k), flex time, and hybrid work options. Schedule is flexible but requires some evening and weekend work.

Application Procedure

To apply, please send cover letter and resume by email to:

Erin Bonney Casey, Planning and Resiliency Program Manager

About the Ipswich River Watershed Association

Founded in 1977, we serve as the Voice of the River and work to ensure there is enough clean water for people and nature and to provide opportunities for people to have fun outdoors. We are a small but nationally known organization with a big record of accomplishments. Increasingly, we seek to position our work under the lens of building resiliency for the watershed and the communities we serve. Our team consists of seven year-round and several seasonal staff who are supported by an engaged board, several committees, and hundreds of volunteers. We work in 28 communities throughout the Ipswich, Parker, and Essex River Watersheds and are based at Riverbend, our beautiful 23-acre headquarters on the bank of the river in Ipswich.
